

Bring Qvidian’s Content Library & Draft Automation to Word & Excel

Work Together through Teams & SharePoint

Search your library while working directly in Word or Excel. Add answers individually or complete RFP and questionnaire questions in bulk automatically.

Finish Draft Proposal in Minutes

Automate away the tedious and focus on tough questions and tailoring instead.

Bring Dispersed Teams Together

Collaborate virtually with real-time visibility into each other’s comments and edits.

Breeze Through Excel RFPs

Get support for macros, conditional cells, protected worksheets, and beyond!

I’m excited to see Qvidian add the power of its library and automatic answering to Microsoft Office with controls anyone would find easy.

Ozzy Whited, Qvidian Admin, Oracle

Included for all Fully Licensed Qvidian Users

By project, managers can opt to work in Qvidian or directly in Office. Getting started is fast and easy.
