U RightAnswers

Is your organization's knowledge truly ready to power AI?

Only 29% of organizations say their workforce is AI ready, and just 19% have the structured knowledge needed to make AI deliver value. Take this assessment to see where you stand and what's needed to move forward with confidence.

Points	Checkbox	**Is your knowledge content consistently structured using standard templates or formats that AI can reliably interpret?**
0	☐	No
1	☐	In progress
2	☐	Yes
		Do you have a defined process to validate and update knowledge to ensure accuracy before it's used by agents, customers or AI tools?
0	☐	No
1	☐	In Progress
2	☐	Yes
		Do users trust the answers surfaced today without needing to double-check another system or colleague?
0	☐	No
1	☐	In Progress
2	☐	Yes
		Is your knowledge content consistently tagged with metadata (e.g. topic, product, role, use case) to support intelligent search and AI retrieval?
0	☐	No
1	☐	In Progress
2	☐	Yes

Points	Checkbox	Does every knowledge article have a clearly defined owner and a regular review cadence?
0	☐	No
1	☐	Somewhat
2	☐	Yes

Points	Checkbox	Are changes to knowledge tracked through versioning so users and AI can always reference the most current and approved content?
0	☐	No
1	☐	In Progress
2	☐	Yes

Points	Checkbox	Do you proactively identify and retire outdated or low-value knowledge rather than relying on manual audits or user complaints?
0	☐	No
1	☐	In Progress
2	☐	Yes

Tally your score to see where you stand.

Now you have the information you need to consider strategic next steps.

Total Score: 0 - 5 ☐

NOT READY

You're asking the right questions! Book time to build a practical roadmap that sets you up for long-term AI success.
