

FileBound University | Core Understanding

Course Overview

Our Core Understanding bundle introduces users to all of the basics, but also provides additional education with our admin-level courses. These courses coach users through higher-level tasks such as adding users and groups, creating projects, and configuring security settings. This educational track is ideal for anyone ready to take ownership of their FileBound system.

Courses Included:

- Introduction to FileBound, Connect 101, Admin 101, and Admin 102

Cost:

- \$800 per participant
